

ECU Service Client Form

ECU-only programming, immobilizer delete, and calibration service

For customers sending ECU only - no harness work included.

Overview & Shipping

This form is for ECU-only programming. It does not include harness conversion, chassis wiring, mechanical diagnosis, sensor repair, or troubleshooting of a vehicle installation.

Typical ECU service time: 1 - 3 business days from receipt, depending on ECU type, read/write support, current workload, and whether the ECU communicates normally.

Required Components / Information

- OEM ECU / ECM to be programmed or inspected
- Printed copy of this completed form inside the box
- Clear notes about engine, donor vehicle, recipient vehicle, and requested programming
- Any previous ECU read/file information if the ECU has already been modified

What You'll Receive

- ECU inspection/read and service confirmation where applicable
- Programming of selected supported services
- Invoice before return shipment
- Return tracking once the ECU ships back

Shipping Address

Lexus V8 Engines LLC #298 1133 Bal Harbor Blvd, Suite 1139 Punta Gorda, FL 33950 USA

Pack components securely with padding on all sides. Place this completed form inside the box so the parts can be matched to the job. Email your tracking number once shipped.

Pricing Guide

Final pricing confirmed after review

Service	Price Guide	Notes / Includes
Immobilizer Delete	\$150	Removes immobilizer requirement where supported by the supplied ECU.
ECU Flashing Service	\$150	Required for supported calibration changes such as EVAP, secondary O2, transmission DTC, brake-switch correlation, speed limiter, and similar edits.
Air Injection Delete	\$250	Available only where the ECU and calibration support this modification.
Throttle Response Tune	\$125	Throttle response / drivability calibration adjustment where supported.
Pre-programmed ECU Supplied by Lexu	+\$120	Optional ECU supply where available and applicable.
Unsupported / damaged / recovery wo	Quoted after inspe	Bench-read, recovery, replacement, repair, or unsupported ECU work requires approval before continuing.
Return Shipping	Based on location	Final return shipping is confirmed on the invoice before payment.

Pricing note: Prices are a guide based on normal supported applications. Missing components, damaged parts, unsupported ECUs, custom wiring, additional connector replacement, repair, recovery, or special integration may change final pricing.

Terms, Warranty & Payment

- Workmanship is covered for the specific service performed unless otherwise stated in writing.
- Customer-supplied used electronics, sensors, pedals, connectors, and harnesses cannot be guaranteed against internal failure, prior damage, water intrusion, impact damage, unsupported variants, or previous modifications.
- Warranty is void if the ECU or harness is opened, cut, modified, tampered with, installed incorrectly, powered incorrectly, or used outside the intended application after service.
- Lexus V8 Engines LLC may request photos, videos, scan-tool data, voltage tests, ECU reads, or return inspection before determining the next step on any reported issue.
- The customer is responsible for final vehicle-side wiring, fusing, grounds, mounting, routing, and safe installation unless otherwise quoted in writing.
- Direct Deposit / Zelle has no fee. PayPal / card payment has a 3.5% processing fee. Payment is due upon invoice receipt before return shipment.
